

Snowmobile Safari with ice fishing in Arctic wilderness

Enjoy the great experience of ice fishing in a beautiful white wilderness of Utsjoki. Even the travel in a snowmobile sled on a treeless fell itself is a magnificent experience. You will see unbelievable tundra covered with snow, white peaks, and an endless wilderness.

Arctic Char is extremely appreciated fish in Lapland. Arctic Char is related to the famous Atlantic Salmon, and you can try to catch it by ice fishing on an arctic lake.

We will also make a camp fire on the ice of a lake while fishing and enjoy snacks and hot drinks on a warm reindeer fur.

We will leave from Lomatärppi with a snowmobile and a sled. We will drive to the fell about 15 km. There is also a wilderness hut where we can warm up if necessary.

Price: 500 € / 1-4 persons
(Additional persons on agreement)

Duration: About 6-7 h

Take with you: Lunch or snacks and sausages for campfire. Hot drinks. Warm clothes.

It's cold on the sled. That's why it's important to dress well and warm. You can also loan some winter clothing from Lomatärppi.

For ice fishing you need fishing equipment. You can have these from Lomatärppi.

Some of the of the lakes require a special permit for fishing. We discuss the matter with the customer, we agree on the destinations together and, if necessary, Lomatärppi obtains the required permits for an additional fee.
